COMMAND

Command is a powerful cleaner designed to sanitise and deodorise surfaces such as porcelain, ceramic and stainless steel.

Product Details

Command's concentrated formula reduces cleaning time and improves workplace safety, with a pleasant fragrance which remains long after the cleaning is finished.

Application

Toilet Bowls: Apply enough Command to cover the surface and brush around the bowl thoroughly – then flush away.
Urinals: Use an atomiser to spray Command over the whole surface of the urinal, then brush thoroughly and rinse off.
Floor Tiles: Dilute the product 1:10 with water. Brush thoroughly then wash off the residue with water.

Additional Notes

Available in 5L, 20L, 200L & 1000L.

Industry Suitability

Hospitality- Accommodation, wineries, breweries & bars

Healthcare - Hospitals & aged care facilities

Mining - Accomodation
